PROFESSIONAL SUMMARY

Motivated B.Tech Information Technology student with foundational knowledge of Java, Python, C, JavaScript, Bootstrap, and the MERN stack. Completed a 30-day web development internship with practical exposure to responsive page development, web components, testing, and debugging. Interested in web and software development and eager to apply technical skills, learn from a professional team, and contribute to real projects.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology
Arunai Engineering College | 2023–2027 | CGPA: 8.3

INTERNSHIP EXPERIENCE

Web Development Intern | GB Tech Corp, Tambaram, Chennai | 30 days

- Created responsive web pages using HTML, CSS, JavaScript, and Bootstrap as part of assigned web development tasks.
- Developed and tested web components, checking that assigned features worked as intended.
- Practiced debugging and problem solving while gaining exposure to software development processes, project work, and real-time industry practices.

PROJECTS

Smart Lost & Found Portal | HTML, CSS, JavaScript, Bootstrap, Java, MySQL

- Developed a web-based platform for users to report lost belongings and search for found items.
- Implemented item matching using name, description, image, and location to help connect lost and found listings.
- Designed a user-friendly interface for submitting and searching item details, supporting more efficient discovery than manual searching.

Career Path Recommender | Python, HTML, CSS, JavaScript, MySQL

- Used Python, HTML, CSS, JavaScript, and MySQL for project development.
- Helps students and job seekers identify suitable career opportunities and required skills.

TECHNICAL SKILLS

Programming Languages: Java, Python, C
Web Technologies: HTML, CSS, JavaScript, Bootstrap
Full Stack: MERN stack
Database: MySQL
Core Skills: Problem solving, debugging, teamwork, communication
